

BG-Clean™ 656 Glass Cleaner

USAGE

Function:

BG-Clean™ 656 cleans the most difficult dirt and greases off glass, metal, and other hard surfaces. It is highly effective, dries rapidly, and leaves no streaks.

Application Method:

Dilute 1 part BG-Clean™ 656 with up to 99 parts water for general cleaning of glass surfaces. When cleaning heavily contaminated surfaces dilute with as little as 9 parts water to 1 part 656. Apply by hand sprayer or by hand. Allow one to two minutes of contact time and rinse with water. Hot water will improve efficiency. Repeat if necessary.

Example: Cleaning Grease from Glass: When cleaning grease from glass, spray BG-Clean™ 656 at a 1% to 5% strength solution over the area to be cleaned. Wipe off affected area with a rag or rinse clean with water. Repeat if necessary.

TECHNICAL DATA

Chemical Type: Aqueous Surfactant Mixture	Flash Point: >141F
Solubility in Water: Complete	Boiling Point: >212F
Oil Emulsifying Capability: Medium/High	Odor: Fresh Scent
Oil Dispersant Capability: Low	pH: 5
Dilution Rate: 1%(for glass) to !0%	Biodegradability: 100%; 90% within 21 days

Manufactured by BioGenesis Enterprises, Inc.
